

2" ATS WITH WEBBING GUYWIRES INSTRUCTIONS

(4) Webbing Guywires

(1) ML4 - Volleyball Net

(1) 1" Webbing Boundary Line

(2) Telescoping Poles

(8) 12" Steel Stakes

(4) Bungee Grass Stakes

(6) Carabiner Clips

1

Lay out your portable set on the ground to prepare for setup, keeping carabiner clips on hand or in your pockets.

2

On each side, use a carabiner clip to attach (2) webbing guywires to the outside of the pole.

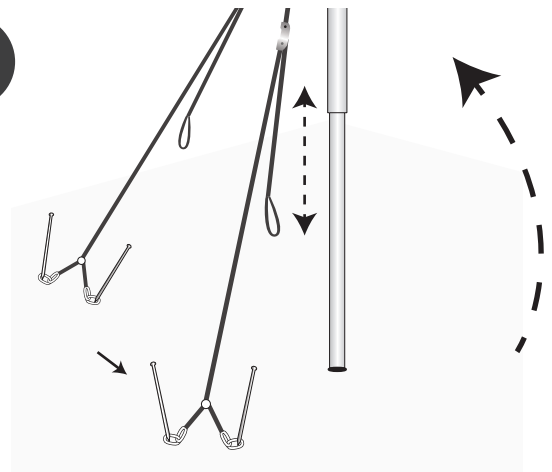

3

One end of the top volleyball net line will have a premade loop that can be attached using a carabiner clip. On the other end, tie a loop knot and use a carabiner clip to attach to the other pole.

We recommend making the loop so there is roughly 12" from the end of your net and the poles.

4

Using a hammer or mallet, drive the 12" steel stakes into the chain links of your webbing guywires. Each stake should be 6 ft to 8 ft apart. Then extend the poles to your desired height and lift the pole into an upright standing position. Repeat on the other side.

NOTE: If grass is very firm, you can setup using only 2 guywires on each side.

5

You can play with the tension of the webbing guywires using the hanging straps attached to the buckle. Tighten as needed on both sides. You can also try adjusting the position of the poles to create tension.

6

To attach the bottom volleyball net lines, tie a loop knot on each end of the rope and attach a carabiner clip. One pole will have a quick tension strap attached, make sure it is loose. On the opposite side, you may have excess rope. When both sides are connected, pull the quick tension strap to increase bottom net tension

Unwind your boundary lines and loosely set them on ground. If you have 4 people, we recommend each person holding a corner and walking back to each perspective corner. You can use the black buckles located near the poles / net as a centering mark.

Hook the a grass stake around each corner of your boundary lines and simply use the bottom of your shoe or a rock to set the stake into the ground. with the boundary line set if needed. You are now ready to play volleyball!
